FROM THE EDITOR

Dear Vacationers, Travelers, and Friends,

Welcome to the first edition of Nimmoh's Digest for 2025! Whether you're flipping through our printed pages from the comfort of one of our beautiful vacation rentals or scrolling through our digital version on your phone, we're absolutely thrilled to have you here.

At Nimmoh's Homestays, we believe that every stay should feel like a chapter in your own travel story—memorable, meaningful, and filled with delight. That's exactly what this magazine is all about: connecting you to the best of Nanyuki and beyond, offering curated travel experiences, and sharing local gems that elevate your holiday.

We're especially excited to unveil two big highlights this quarter. First, we've expanded our property portfolio with the launch of Nimmoh's Riverside Apartments Block B—modern, tastefully furnished apartments designed with comfort, style, and serenity in mind. They're perfect for solo travelers, couples, families, and even corporate guests looking for that sweet blend of convenience and tranquility.

Secondly, we're going beyond the front door of our rentals and deep into adventure with our new travel packages to regional attractions. From guided bicycle safaris and cultural day tours to chef-curated countryside picnics, our goal is to make your Nanyuki stay even more unforgettable.

Thank you for choosing to travel with us, stay with us, and grow with us. Here's to a season full of exploration, ease, and excitement.

Seth Muriithi

PAISKELI

E-Bike Adventures in the Heart of Mount Kenya

Sustainable, exciting, and effortlessly fun—Paiskeli is redefining eco-tourism in Nanyuki, one e-bike at a time.

If you thought exploring Mount Kenya was all about long drives and dusty trails, think again. Meet Paiskeli—a refreshing e-bike experience that's turning heads and shifting gears in the Laikipia adventure scene. Born out of a passion for fun, sustainable travel, Paiskeli is all about opening up Nanyuki's breathtaking beauty to riders of all ages and fitness levels.

Inspired by the Swahili word “baiskeli” (bicycle) and its endearing Luhya pronunciation, Paiskeli brings culture, community, and innovation together in one smooth ride. The team's secret weapon? E-bikes with pedal-assist features that make hills a breeze and long distances feel like a joyride.

The team behind Paiskeli is making waves with their school programs, corporate team-building packages, and the recently launched Paiskeli Kids, ensuring even the little ones get a taste of the fun. It's adventure tourism, but with a twist of sustainability and local charm.

As Nanyuki's trails welcome more explorers, Paiskeli is already planning ahead—thinking up more routes, safari packages, and even a membership model for regular riders.
